

Introduction

Mantis is the ticketing system used by Candra GmbH. By itself Mantis is seen as a bug-tracking tool, whereas most of the reported tickets are bugs that have to be fixed. The system can be found under the following URL: <http://support.cgistudio.at/>

A screenshot of the Mantis login interface. It has a light grey background. At the top left, there is a blue icon of a key and the text 'Login'. Below this is a white input field with the placeholder text 'Username' and a blue user icon on the right. To the right of the input field is a dark grey button with the text 'Login'. At the bottom of the form, there is a dark grey bar with the text 'Signup for a new account' in yellow.

Please log in with your received login credentials.
